Details of the Recall

The driver side heated trailer tow rearview mirror on your vehicle may experience a detached glass from the backing plate. Detached driver side mirror glass reduces visibility and could result in a vehicle crash without prior warning.

FCA US LLC will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the driver side heated trailer tow mirror glass. The estimated repair time is 15 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service.
