Questions and answers
Lamborghini Revuelto model year 2024.

“Wiper System”

■ What is the issue with the affected vehicles?

In the affected vehicles the connecting rod between the passenger wiper arm and the wiper motor may bend causing its separation from the wiper motor. If the connecting rod separates, the wiper becomes inoperative.

■ What is the cause of this condition?

Due to raw material properties variability combined with dimensioning limits of the wiper lever connecting rod, it could start to deform and eventually fail.

■ What effect does the condition have?

Inoperative windshield wipers can reduce visibility in certain conditions, increasing the risk of a crash.
