Recall notice issued to:

Vehicle information:

VIN

2024 JEEP WRANGLER 2-DOOR RUBICON

Recall information: B9B/NHTSA 24V-871

*Visit recalls.mopar.com for more information or call the FCA US Recall Team at
1-800-853-1403*

Details of the Recall

Your vehicle equipped with the trailer tow option, may have been built with an incorrect dash wiring harness that prevents the trailer lighting from functioning. Trailers with inoperative trailer lighting may result in an approaching vehicle being unaware of the change of direction or speed of the vehicle and trailer, which can cause a vehicle crash without prior warning.

FCA US LLC will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect and, if necessary, replace the dash wiring harness. The estimated repair time is six hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service

How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge, RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
