Ms. Eileen Sullivan  
Associate Administrator for Enforcement  
National Highway Traffic Safety Administration  
Attn: Recall Management Division (NVS-215)  
Room W48-302  
1200 New Jersey Avenue, SE  
Washington, D.C. 20590

Dear Ms. Sullivan:

We are transmitting the enclosed Non-Compliance Information Report in accordance with 49 CFR Part 573. A voluntary recall campaign will be initiated and your office provided with the notices.

Very truly,

A handwritten signature in black ink, appearing to read "Will Swindell".

Will Swindell  
Manager,  
Technical Compliance

Encl.

## **NONCOMPLIANCE INFORMATION REPORT**

1. Manufacturer:

Nissan Mexicana, S.A. De C.V. Aguascalientes Plant

2. Vehicles Potentially Involved:

Certain Model Year 2025 Nissan Kicks vehicles manufactured from June 24, 2024 through November 29, 2024 at the Aguascalientes plant in Mexico. Based on Nissan production records, the issue (as described in Section 5 below) is specific to Nissan Kicks vehicles that were part of an in-plant repair activity and produced during the specified vehicle production period. No other Nissan or INFINITI vehicles are affected.

The name, description and part number of the subject component is below:

<b><u>Part Name</u></b>	<b><u>Part Description</u></b>	<b><u>Part Number(s)</u></b>
Body Control Module	Body Control Module	284B1 7LG0B

3. Total Number of Vehicles Potentially Involved:

Approximately 20 Model Year 2025 Nissan Kicks vehicles total.

4. Percentage of Vehicles Estimated to Actually Contain the Noncompliance:

100%

5. Description of the Noncompliance:

On the affected Kicks vehicles, the "Shift-to-Park" warnings may not be activated when the driver turns the vehicle's ignition OFF while the gear selector is in a position other than "Park" and opens the driver side door. This condition may not meet the requirements of section S5.1.3. of Federal Motor Vehicle Standard (FMVSS) No. 114; "Theft Protection and Rollaway Prevention." If the vehicle is not in Park when the ignition is OFF, the vehicle could potentially move unexpectedly, which may increase the risk of accident or injury.

6. Basis for Determination of the Existence of a Noncompliance:

Chronology will be supplemented.

7. Description of Corrective Action:

Dealers were notified on December 20, 2024. Owners of all potentially affected vehicles will be notified beginning January 29, 2025. Dealers will be instructed to re-configure the vehicle's Body Control Module (BCM) to activate the "Shift-to-Park" warning. All inspections and repairs will be performed free of charge for parts and labor and may take up to half (0.5) hour to complete.

Nissan will not include a statement in the Part 577 owner notification concerning reimbursement for the cost of obtaining a pre-notification remedy as the subject vehicles are under warranty.

8. Copy of Notices:

Copies of all notices will be provided to NHTSA as they become available.
