Subject: Recline Position May Shift/FMVSS 213

Dear Lawrence Buonomo:

This letter serves to acknowledge Evenflo Company, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Manufacturer/Model Name/Model Number:
EVENFLO/ALL4ONE

Mfr's Report Date: December 24, 2025

NHTSA Campaign Number: 25C011

Components:
CHILD SEAT:BASE:RECLINE MECHANISM

Potential Number of Units Affected: 74,710

Problem Description:

Evenflo Company, Inc. (Evenflo) is recalling certain All4One child seats. Please refer to Evenflo's recall report for specific model numbers. In rear-facing mode, the adjustable recline mechanism may shift out of proper position. As such, these child seats fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 213, "Child Restraint Systems."

Consequence:

A child seat that does not maintain proper recline position may not adequately secure a child in a crash, increasing the risk of injury. Additionally, should another passenger put their hand in the recline mechanism when it shifts out of position, their risk of injury is increased.

Remedy:

Evenflo will replace the child seat, free of charge. Owner notification letters are expected to be mailed beginning January 26, 2026. Owners may contact Evenflo customer service at 1-800-233-5921.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

Involved Component Not Supplied

Provide the part number, name and description of the component(s) involved in this recall as required by 49 USC § 30119 in an amended 573 in the "Involved Components" section through the NHTSA Recalls Portal.

AMENDED 573 REQUIRED.

Reimbursement Plan Not Supplied

In an amended Part 573 Recall Report through the NHTSA Recalls Portal, please indicate the reimbursement will be in the form of cash or check and that Evenflo will act upon the claim within 60 days of its receipt in accordance with 49 CFR 573.13.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Evenflo Company, Inc.'s contact for this recall will be Emily Smith who may be reached by email at emily.c.smith@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
