

U.S. Department of Transportation  
**National Highway Traffic Safety  
Administration**

1200 New Jersey Avenue SE  
Washington, DC 20590

February 21, 2025

Mr. Anthony Washington  
Senior Manager  
Daimler Vans USA, LLC  
One Mercedes-Benz Drive  
Sandy Springs, GA 30328

NEF-107ES  
25V-090

**Subject:** Loss of Drive Power

Dear Mr. Washington:

This letter serves to acknowledge Daimler Vans USA, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

MERCEDES-BENZ/ESPRINTER/2024

**Mfr's Report Date:** February 14, 2025

**NHTSA Campaign Number:** 25V-090

**Components:**

PARKING BRAKE:DRIVELINE  
POWER TRAIN:AXLE ASSEMBLY

**Potential Number of Units Affected:** 689

**Problem Description:**

Daimler Vans USA, LLC (DVUSA) is recalling certain 2024 Mercedes-Benz eSprinter vehicles. The welds on the helical gear within the rear axle drivetrain may fail, causing a loss of drive power.

**Consequence:**

A loss of drive power increases the risk of a crash. In addition, drivetrain failure can result in a vehicle rollaway if the parking brake is not applied, increasing the risk of a crash or injury.

**Remedy:**

Dealers will replace the rear axle electric drivetrain, free of charge. Owner notification letters are expected to be mailed April 11, 2025. Owners may contact DVUSA customer service at 877-762-8267. DVUSA's number for this recall is V3ESCHWEI.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 888-327-4236 (TTY 888-275-9171) or go to [nhtsa.gov](https://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Daimler Vans USA, LLC's contact for this recall will be Emily C. Smith who may be reached by email at [emily.c.smith@dot.gov](mailto:emily.c.smith@dot.gov). We look forward to working with you.

Sincerely,

Alex Ansley  
Chief, Recall Management Division  
Office of Defects Investigation  
Enforcement
