Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Makes/Models/Model Years:**

FORD/MAVERICK/2022

**Mfr's Report Date:** February 28, 2025

**NHTSA Campaign Number:** 25V-124

**Components:**

SERVICE BRAKES, HYDRAULIC:ANTILOCK/TRACTION CONTROL/ELECTRONIC LIMITED  
SLIP:CONTROL UNIT/MODULE

**Potential Number of Units Affected:** 141

**Problem Description:**

Ford Motor Company (Ford) is recalling certain 2022 Maverick vehicles previously repaired incorrectly under recall number 24V-730. Under certain circumstances, the Antilock Brake System (ABS) module may cause the brake lights to illuminate without the driver applying the brakes. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 108, "Lamps, Reflective Devices, and Associated Equipment."

**Consequence:**

Unintended illumination of the brake lights may confuse other drivers, increasing the risk of a crash.

**Remedy:**

Dealers will update the software in the ABS module, free of charge. Owner notification letters are expected to be mailed April 25, 2025. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 25C07.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 888-327-4236 (TTY 888-275-9171) or go to [nhtsa.gov](https://www.nhtsa.gov).

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
