Oshkosh Corporation
524 East Highway St
Dodge Center, MN 55927

NEF-107HG
25V-224

Subject: Rearview Camera Image May Not Display/FMVSS 111

Dear Mr. Sappington:

This letter serves to acknowledge Oshkosh Corporation's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

OSHKOSH/NGDV/2025

Mfr's Report Date: April 9, 2025

NHTSA Campaign Number: 25V-224

Components:

BACK OVER PREVENTION:DISPLAY FUNCTION

Potential Number of Units Affected: 216

Problem Description:

Oshkosh Corporation (Oshkosh) is recalling certain 2025 Defense NGDV ICE 2WD, AWD and BEV 2WD vehicles. The rearview camera image may not display when the vehicle is placed in reverse. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 111, "Rear Visibility."

Consequence:

A blank rearview camera display can reduce the driver's rear visibility, increasing the risk of a crash.

Remedy:

Oshkosh will inspect and replace the head units as necessary, free of charge. The manufacturer has not yet provided a schedule for recall notification. Owners may contact Oshkosh customer service at 1-800-830-3554. Oshkosh's number for this recall is NGDV_TSB_036. Vehicles that were previously recalled under 24V-928 will need to be inspected and possibly have the head unit replaced again.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171) or go to www.safercar.gov.

Please ensure the following requirements are met:

Your company must supply the estimated date(s) for which it will notify owners regarding this safety recall. Please be reminded that all owners must be notified of the safety risk associated with this filing within 60 days of the 573 being submitted. If the remedy is not available at that time, mail the interim notice, following it with a second notice once the remedy becomes available. If your company subsequently becomes aware that either the beginning or the completion dates reported to the agency for any of the notifications will be delayed by more than two weeks, your company shall promptly advise the agency of the delay and the reasons therefor, and furnish a revised estimate. If there are no owners involved in this recall, please state so in the 573 (49 CFR 573.6 (c)(8)(ii)).

AMENDED 573 REQUIRED.

We have received Oshkosh's proposed owner notification letter and it is approved for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Oshkosh Corporation's contact for this recall will be Hensly Guerra who may be reached by email at hensly.guerra1@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
Office of Defects Investigation
