Mfr's Report Date: April 11, 2025

Components:

BACK OVER PREVENTION: SENSING SYSTEM: CAMERA

Potential Number of Units Affected: 4,625

Problem Description:

Ford Motor Company (Ford) is recalling certain 2022-2023 Transit vehicles previously repaired incorrectly under recall number 23V-598. The rearview camera, or 360-degree view camera if equipped, may not display a rearview image when the vehicle is placed in reverse.

Loss of the rearview camera image can reduce the driver's rear visibility, increasing the risk of a crash.

Remedy:

Dealers will update the rearview camera software, free of charge. Owner notification letters are expected to be mailed May 19, 2025. Ford's number for this recall is 25S38.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 888-327-4236 (TTY 888-275-9171) or go to [nhtsa.gov](https://www.nhtsa.gov).

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
