25V-250

Subject: Pedestal and Truck Frame May Separate

Dear Mr. Chard:

This letter serves to acknowledge Altec Industries, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

ALTEC/AERIAL DEVICE/2014-2016

Mfr's Report Date: April 17, 2025

NHTSA Campaign Number: 25V-250

Components:

EQUIPMENT:MECHANICAL:BOOM/CRANE/LADDER
STRUCTURE:FRAME AND MEMBERS

Potential Number of Units Affected: 103

Problem Description:

Altec Industries, Inc. (Altec) is recalling certain 2014-2016 AT200A aerial devices. Cracks may develop in the legs of the mounting frame, which can cause the mounting frame side plate to break.

Consequence:

A broken side plate may result in pedestal and truck frame separation, increasing the risk of injury.

Remedy:

Altec will provide instructions for owners to inspect the mounting frame side plates for cracks. If cracks are found, Altec will repair the side plates as necessary, or provide a repair kit, free of charge. Owner notification letters are expected to be mailed in April 2025. Owners may contact Altec customer service at 1-877-462-5832. Altec's number for this recall is CSN 3215.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-888-275-9171), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Altec Industries, Inc.'s contact for this recall will be Dusty Gardner who may be reached by email at dusty.gardner@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
