Subject: Inadequate Fuse Protection Can Cause Fire

Dear Jason Dake:

This letter serves to acknowledge Orange EV's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

ORANGE EV/HUSK-E/2023-2025

Mfr's Report Date: June 02, 2025

NHTSA Campaign Number: 25V367

Components:

ELECTRICAL SYSTEM:PROPULSION SYSTEM:TRACTION BATTERY:THERMAL MANAGEMENT

Potential Number of Units Affected: 47

Problem Description:

Orange EV (OEV) is recalling certain 2023-2025 Orange EV Husk-e terminal trucks. The high voltage short circuit protection system may have an inadequate fuse.

Consequence:

In the event of a short, the fuse may open too slowly or not at all, increasing the risk of a fire.

Remedy:

OEV will replace the fuse, free of charge. Owner notification letters are expected to be mailed June 13, 2025. Owners may contact OEV customer service at 1-866-688-5223. OEV's number for this recall is 2025-SRC-04.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

We have received your proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Orange EV's contact for this recall will be Sarah Shiver who may be reached by email at SARAH.SHIVER@DOT.GOV. We look forward to working with you.

Sincerely,

Alex Ansley
