Mfr's Report Date: July 22, 2025

NHTSA Campaign Number: 25V478

Components:

ELECTRICAL SYSTEM:WIRING
AIR BAGS

Potential Number of Units Affected: 2,119

Problem Description:

Winnebago Industries, Inc. (Winnebago) is recalling certain 2025-2026 Revel Sport, 2024-2025 Vita, 2025 Porto, Adventure Wagon, 2024-2026 View, Revel, Navion, and Ekko motorhomes. Supplemental Restraint System (SRS) wires can be caught in the seat mechanism when the driver or passenger seats are adjusted.

Consequence:

Damaged wires can prevent air bags from deploying in a crash, increasing the risk of injury.

Remedy:

Dealers will inspect and re-route the wiring, free of charge. Owner notification letters are expected to be mailed September 19, 2025. Owners may contact Winnebago customer service at 1-641-585-6939 or 1-800-537-1885. Winnebago's number for this recall is 199.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Winnebago Industries, Inc.'s contact for this recall will be Kristin Lepper who may be reached by email at KRISTIN.LEPPER@DOT.GOV. We look forward to working with you.

Sincerely,

Alex Ansley
