**Subject:** Incorrect Tires and Steering Coupler Cover Installed

Dear Tom Single:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FORD/TRANSIT/2023-2024

**Mfr's Report Date:** September 18, 2025

**NHTSA Campaign Number:** 25V623

**Components:**

TIRES  
STEERING

**Potential Number of Units Affected:** 212

**Problem Description:**

Ford Motor Company (Ford) is recalling certain 2023-2024 Transit vehicles repaired incorrectly under recall numbers 24V226 and 24V591. An incorrect steering coupler cover and tires that were not designed for the vehicle may have been installed during a previous repair.

**Consequence:**

Incorrect tires and an incorrect steering coupler cover can cause a loss of brake function, loss of steering control, or damage to tires, increasing the risk of a crash.

**Remedy:**

Dealers will inspect and if necessary, replace the tires, tire placard, and certification label, and also recalibrate the vehicle. Additionally, dealers will remove the steering coupler cover. Repairs will be performed free of charge. Interim letters, notifying owners of the safety risk, are expected to be mailed October 13, 2025. Additional letters will be sent once the final remedy is available, anticipated March 2026. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 25S95. Vehicle Identification Numbers (VINs) involved in this recall will be searchable on NHTSA.gov beginning September 24, 2025.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please be reminded of the following requirements:**

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Ford Motor Company's contact for this recall will be Dusty Gardner who may be reached by email at [dusty.gardner@dot.gov](mailto:dusty.gardner@dot.gov). We look forward to working with you.

Sincerely,

*Alex Ansley*
