

# Part 573 Safety Recall Report

## 25C-006

**Manufacturer Name :** Dorel Juvenile Group**Submission Date :** APR 22, 2025**NHTSA Recall No. :** 25C-006**Manufacturer Recall No. :** NR**Manufacturer Information :****Manufacturer Name :** Dorel Juvenile Group**Address :** 2525 STATE STREET  
COLUMBUS IN 47201**Company phone :** 800-544-1108**Population :****Number of potentially involved :** 179,845**Estimated percentage with defect :** 100 %**Child Restraint Information :****Make 1 :** Dorel Juvenile Group, Inc**Model :** Grow and Go Sprint**Seat Type :** OTHER**Model No. :** CC321**Platform Name / No. :** NR**Brand Name :** Safety 1st

**Descriptive Information :** All fashions for all dates of manufacture of the Safety 1st Grow and Go Sprint using model number CC321 are included in the recall population. The CC321 models utilize a unique headrest foam design, assembly process, and soft goods execution. Full model numbers included in the recall are: CC321GYU, CC321GYUD, CC321GYG, CC321GYGD, CC321HAO, and CC321HAR and were manufactured between February and December, 2023.

Dorel manufactures other Safety 1st branded child restraints using model names "Grow and Go" and "Grow and Go Sprint" with different model numbers. When compared to the CC321 models, these other models utilize different headrest foam designs, assembly processes, and/or soft goods execution and are therefore not being included in the recall population.

**Production Dates :** FEB 28, 2023 - DEC 31, 2023**Description of Defect :**

**Description of the Defect :** Dorel has received 13 cases of a child who placed a piece of the CC321 headrest foam into their mouth.

**FMVSS 1 :** NR**FMVSS 2 :** NR

Description of the Safety Risk : Loose pieces of foam can present a choking hazard to a child, increasing the risk of injury.

Description of the Cause : NR

Identification of Any Warning that can Occur : NR

Involved Components :

Component Name : Headrest Foam

Component Description : Headrest Foam

Component Part Number : 4167-1743WH

Supplier Identification :

Component Manufacturer

Name : EPSilyte

Address : 555 W Statler Rd  
Piqua Ohio 45356

Country : United States

Chronology :

CC321 production started in February 2023. Dorel received the first case of a child placing foam into their mouth in June 2023. Then in October 2023, three additional cases were reported. Production of CC321 models ended in December 2023. Dorel continued to monitor this issue and include foam in the mouth cases in quarterly EWR reports. On December 30, 2024, NHTSA ODI contacted Dorel requesting additional information. On January 14, 2025 Dorel met with ODI at NHTSA headquarters and reviewed the CC321 headrest design. On April 11, 2025 Dorel spoke with NHTSA ODI staff to discuss their concerns with the CC321 headrest foam. On April 12, 2025, Dorel reviewed the latest complaint data and the determination was made to file this Part 573 and recall all CC321 models. Please note there have been no claims of injury or medical treatment required.

Description of Remedy :

Description of Remedy Program : A free recall kit will be sent to registered owners that will include a replacement headrest pad assembly that will securely cover the foam headrest to prevent access by a child.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : NR

Recall Schedule :

Description of Recall Schedule : Owner notification letters will be sent to registered owners in mid-June.

Planned Dealer Notification Date : APR 23, 2025 - APR 25, 2025

Planned Owner Notification Date : JUN 09, 2025 - JUN 13, 2025

Purchaser Information :

The following manufacturers purchased this defective/noncompliant equipment for possible use or installation in new motor vehicles or new items of motor vehicle equipment:

Name : NR

Address : NR
