

Part 573 Safety Recall Report

25V-188

Manufacturer Name : Nissan North America, Inc.

Submission Date : APR 28, 2025

NHTSA Recall No. : 25V-188

Manufacturer Recall No. : PD136, PMA47

Manufacturer Information :

Manufacturer Name : Nissan North America, Inc.

Address : P. O. BOX 685001

Franklin TN 37068-5009

Company phone : 800-647-7261

Population :

Number of potentially involved : 37,003

Estimated percentage with defect : 100 %

Vehicle Information :

Vehicle 1 : 2025-2025 Nissan Kicks

Vehicle Type : LIGHT VEHICLES

Body Style : HATCHBACK

Power Train : GAS

Descriptive Information : Based on Nissan production records, the issue is specific to Model Year 2025 Nissan Kicks vehicles that may have received an affected Certification Label and and were produced during the specified vehicle production period.

Additionally, a limited number of Model Year 2025 Nissan Kicks SR trim level vehicles equipped with an optional 19-inch wheel package received an incorrectly reprinted Certification Label prior to retail. No other Nissan or INFINITI vehicles are affected.

Production Dates : JUN 24, 2024 -JAN 10, 2025

VIN Range 1 : Begin :

NR

End : NR

Not sequential

Description of Noncompliance :

Description of the Noncompliance : On affected Model Year 2025 Nissan Kicks vehicles, the Certification Label may have been printed with the incorrect Gross Vehicle Weight Rating (GVWR) and Gross Axle Weight Rating (GAWR) values. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Within this affected population, certain Model Year 2025 Nissan Kicks SR trim level vehicles that are equipped with an optional 19-inch wheel package fail to comply with S4.3.3. of Federal Motor Vehicle Safety Standard 110. Specifically, the wheel and tire size information shown on the Part 567 Certification label incorrectly lists a 17-inch wheel size instead of the correct 19-inch wheel size. The Tire and Loading Information label adjacent to the Certification label contains the correct 19-inch wheel and tire size information.

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : If the weight limits are incorrect, the vehicle could be overloaded, increasing the risk of a crash.

Also, regarding the small population of SR trim level vehicles, adhering to the correct wheel and tire information on the Certification Label is important because under inflation may lead to low tire pressure and an increased risk of a crash.

Description of the Cause : NR

Identification of Any Warning that can Occur : There is no preceding warning.

Involved Components :

Component Name 1 : CERT LABEL

Component Description : Certification Label

Component Part Number : 99079 6LB0A

Supplier Identification :

Component Manufacturer

Name : Nissan North America

Address : NR

NR

Country : NR

Chronology :

See attached Amended Part 573 for updated chronology details.

Description of Remedy :

Description of Remedy Program : Dealers will be instructed to apply the corrected Certification Label over the existing one. Additionally, Nissan will print and mail the corrected Certification Label to owners with instructions on how to apply the label to their vehicle. All repairs will be performed free of charge for parts and labor and may take less than a half (0.5) hour to complete.

Nissan will not include a statement in the Part 577 owner notification concerning reimbursement for the cost of obtaining a pre-notification remedy as the subject vehicles are under warranty.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : NR

Recall Schedule :

Description of Recall Schedule : Dealers were notified of a stop sale on certain specific Model Year 2025 Nissan Kicks SR trim level vehicles on April 11, 2025. Dealers were instructed to continue applying the corrected Certification Label for S and SV trim level vehicles affected by this recall (25V-188). Additionally, Nissan requested the return of all reprinted SR trim Certification Labels then to wait for further instruction which will be announced on April 18, 2025. The specific population of Nissan Kicks SR trim level vehicles will be added to the recall mail population, and owners of all potentially affected vehicles will be notified beginning May 12, 2025.

Planned Dealer Notification Date : APR 18, 2025 - NR

Planned Owner Notification Date : MAY 12, 2025 - NR

* NR - Not Reported
