URGENT - DISTRIBUTE IMMEDIATELY

Date: February 6, 2025

Subject: Stop Delivery Order for Safety Recall N242490120

Chrome Grille Deflector May Detach

Models: 2022 GMC Sierra 1500

STOP DELIVERY ORDER

Effective immediately, stop the delivery of certain 2022 model year GMC Sierra 1500 vehicles equipped with chrome front grille deflectors in new or used vehicle inventory. General Motors has notified the National Highway Traffic Safety Administration (NHTSA) about a Safety recall that involves these vehicles. The GM recall number is N242490120.

It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification until the defect is remedied.

One or more of the attachments that hold the front upper grille deflector in place may fracture over time. If all eight attachment points break, the deflector may detach from the vehicle while driving. If a front grille deflector detaches unexpectedly while driving, there is increased risk of a crash.

GM will provide a remedy description once a remedy is determined.

Until further instructions are received, involved vehicles that are in dealers' possession (new or used vehicle inventory, GM Certified Used, courtesy transportation vehicles, dealer shuttle vehicles, etc.) must be held and not delivered to customers, dealer-traded, released to auction, used for demonstration purposes or any other dealer use. All GM Certified Used vehicles currently in the dealers' inventory within the Certified Pre-Owned Inventory System (CPOIS) will be de-certified.

The Investigate Vehicle History (IVH) screen in the Global Warranty Management (GWM) system has been updated for this recall. This action has been taken to assist dealers with determining which vehicles are involved so they can properly respond to customer inquiries.

We are working to develop a remedy as quickly as possible. When a remedy is available, the recall bulletin will be released and dealers can begin repairing vehicles.
