Subject: **BMW Recall 25V-xxx: Rear Brake Hose**

BMW AG is conducting a Voluntary Safety Recall (effective March 6, 2025) on certain Model Year 2025 BMW vehicles that were produced between February 6, 2025, and February 7, 2025.

The rear brake line may not have been produced by the supplier to specifications. This could cause a leak of brake fluid and a loss in rear brake performance. The Antilock Brake System (ABS) and Dynamic Stability Control (DSC) system may also be affected. These conditions could increase the risk of a crash.

The Recall Notice and FAQ have been attached for further information.

The bulletin will be updated when additional information becomes available.

Sincerely,  
Technical Service
