Dear Valued Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco Inc. has decided that a defect, which relates to motor vehicle safety, exists in certain Starcraft model year 2025 Autumn Ridge travel trailers.

***Reason for
this recall***

The installed safety chains are rated at 7,600 lbs. and the actual Gross Vehicle Weight Rating (GVWR) is 7,995 lbs. In the event of a trailer detachment, the safety chains may fail allowing the tow vehicle to separate from the trailer. Separation of the trailer and tow vehicle increases the risk of a crash.

***Recall
Remedy***

The remedy consists of installation of new safety chains. The remedy will take approximately 1/2 hour to complete and must be performed free of charge to the retail owner.

***What we
need you to
do***
