IMPORTANT SAFETY RECALL

NHTSA Recall – 25V-268

Shyft Internal Recall No. 25-09

Dear Dealer or Service Manager:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

The Shyft Group, Inc. has decided that certain 2025 model year Aeromaster step van vehicles that were built by its Utilimaster brand fail to conform to Federal Motor Vehicle Safety Standard No. 208, Occupant Protection.

The rear occupant seats are not equipped with the required seat belt.

There may be an increased risk of injury to occupants sitting in a designated seating position without a seat belt during a crash.

There is no warning for a missing seat belt.

Seat belts will be supplied, and installed, free of charge.

We will contact all owners of these units that are affected by this recall. They will be directed to the appropriate dealer for repair.

IMPORTANT: Some vehicles may still be in dealer inventory. Federal law requires you to complete the recall remedy on such vehicles before delivery to the retail customer.
