

May 27, 2025

ATTENTION: ALL DEALER PARTS & SERVICE MANAGERS

Kia America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Noncompliance Safety Recall Campaign regarding the front parking lamp(s) on certain 2025 MY K5 vehicles manufactured from February 20, 2024 through April 23, 2025.

Due to incorrect software in the Power-net Domain Controller (PDC), when the turn signal is activated while headlamps are activated in a steady burning state or while parking lamps are activated, the corresponding parking lamp does not illuminate in a steady burning manner. As a result, the subject vehicles do not comply with the conspicuity requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 108, "Lamps, Reflective Devices, and Associated Equipment". A parking lamp that does not illuminate in a steady burning manner while the turn signal is activated can result in reduced conspicuity, increasing the risk of a crash.

All owners of the subject vehicles will be notified of the remedy program by first-class mail. The PDC unit will be updated with improved software by dealers or via an Over-the-Air (OTA) update.

The Technical Service Bulletin that provides vehicle inspection and repair procedures, affected VIN production range, and warranty claim information will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com during the week of **May 27, 2025**.

Enclosed you will find a copy of the owner notification letter and a Q&A Guide for recall questions, both of which describe the issue. Note that any vehicle owner who has already paid for related repairs can submit a request for reimbursement online via <https://customercare.kiausa.com>. Kia will mail notices to the affected vehicle owners beginning on **June 24, 2025**.

Also, please make certain the appropriate personnel in your dealership are familiar with the details of this recall to ensure proper responses to customer inquiries and requests to have the recall performed on their vehicles. This Noncompliance Safety Recall Campaign represents an opportunity for your service department to deliver an exceptional service experience (e.g., flexible service appointment process, car wash and vacuum and timely service).

NHTSA ADVISORY: It is a violation of Federal law for a dealer to deliver a new motor vehicle covered by this notification under a sale or lease until the defect is remedied.

LEGAL PRIVACY LIABILITY NOTICE: Pursuant to the terms of the Dealer Sales and Service Agreement and the Gramm-Leach-Bliley federal consumer privacy act, you are required to keep confidential any and all information and documents provided to you by Kia America, Inc. or generated by you in the conduct of carrying out work under that Agreement regarding Kia vehicle purchasers and owners, including but not limited to warranty claim information. Kia dealers may use such owner information for the sole purpose of conducting and performing this noncompliance safety recall campaign, and for no other purpose.

If you have any questions, please contact your Kia District Parts and Service Manager.

Sincerely,

Kia Service Department
