

**2025 MY K5 VEHICLES  
FRONT PARKING LAMP(S)  
NONCOMPLIANCE SAFETY RECALL CAMPAIGN (SC341)**

**Q & A  
May 27, 2025**

**Q1. What type of campaign is Kia conducting?**

A1. *Kia America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Noncompliance Safety Recall Campaign to address a condition regarding the front parking lamp(s) in certain 2025 MY K5 vehicles.*

**Q2. What vehicles are affected by the recall?**

A2. *Certain 2025 MY K5 vehicles manufactured from February 20, 2024 through April 23, 2025.*

**Q3. How many customer vehicles are affected by this recall?**

A3. *Approximately 81,281 K5 vehicles.*

**Q4. What is the concern with the front parking lamp(s)?**

A4. *Due to incorrect software in the Power-net Domain Controller (PDC), when the turn signal is activated while headlamps are activated in a steady burning state or while parking lamps are activated, the corresponding parking lamp does not illuminate in a steady burning manner. As a result, the subject vehicles do not comply with the conspicuity requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 108, "Lamps, Reflective Devices, and Associated Equipment". A parking lamp that does not illuminate in a steady burning manner while the turn signal is activated can result in reduced conspicuity, increasing the risk of a crash.*

**Q5. Can you describe the recall campaign and fix?**

A5. *The PDC unit will be updated with improved software by dealers or via an Over-the-Air (OTA) update.*

**Q6. How will owners of the affected vehicles be notified?**

A6. *All owners of the subject vehicles will be notified by first-class mail with instructions to contact their authorized Kia dealer to have the recall campaign performed or perform the recall via an OTA update **beginning on June 24, 2025.***

**Q7. What should vehicle owners do when they receive the notification?**

A7. *Upon receipt of the letter, owners are to contact their authorized Kia dealer to arrange to have the recall campaign performed on their vehicle free of charge at no cost to them. Customers can also perform the software update via an OTA update if they have an active Kia Connect account.*

**Q8. Where were these vehicles produced?**

A8. *The affected vehicles were produced at a Kia assembly plant in South Korea.*

**Q9. Will this cost vehicle owners any money?**

*A9. No. Kia will perform the recall repair free of charge at no cost to the customer.*

**Q10. Are there any restrictions on an owner's eligibility?**

*A10. No.*

**Q11. If a customer has an immediate question, where can they get further information?**

*A11. The customer can contact their local authorized Kia dealership or call Kia's Customer Care Center at 1-800-333-4KIA (4542), Monday through Friday, 5 AM to 6 PM Pacific Time, or via the internet at <https://customercare.kiausa.com>.*
