WHY DOES MY VEHICLE NEED REPAIR?

Terminal Investment Corporation (TICO) is recalling certain 2024-2025 Pro Spotter trucks. WHAT WILL YOUR DEALER DO?

TICO Dealers will inspect the 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING on potentially affected units based on the chassis ID list shown below regardless of vehicle functionality. The inspections and replacement should take approximately 0.5 Hours. (30 minutes). Upon completion of inspection, your dealer will replace, if necessary, the non-DOT fitting and submit a case via TICO EDGE notifying TICO Uptime Center of completion.

TICO will cover the inspection as well as replacement and will also cover your dealers' travel expenses.

Your dealer will replace the 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING at no cost to you.

Important Note:

If during the campaign, we identify the 13 units requiring fitting replacement before all trucks have been inspected, you will receive notice that the campaign has ended.

WHAT SHOULD YOU DO?

Please contact your local authorized TICO dealer and schedule an appointment for your free inspection as soon as possible. If your 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING is affected, your dealer will provide you with a more accurate inspection and repair completion date for your free of charge repair.

WHY DOES MY VEHICLE NEED REPAIR?

Terminal Investment Corporation (TICO) is recalling certain 2024-2025 Pro Spotter trucks. The vehicles may be equipped with a non-DOT brake line fitting, resulting in reduced braking performance which can extend the distance required to stop, increasing the risk of a crash. WHAT WILL YOUR DEALER DO?

TICO Dealers will inspect the 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING on potentially affected units based on the chassis ID list shown below regardless of vehicle functionality. The inspections and replacement should take approximately 0.5 Hours. (30 minutes). Upon completion of inspection, your dealer will replace, if necessary, the non-DOT fitting and submit a case via TICO EDGE notifying TICO Uptime Center of completion.

TICO will cover the inspection as well as replacement and will also cover your dealers' travel expenses.

Your dealer will replace the 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING at no cost to you.

Important Note:

If during the campaign, we identify the 13 units requiring fitting replacement before all trucks have been inspected, you will receive notice that the campaign has ended.

WHAT SHOULD YOU DO?

Please contact your local authorized TICO dealer and schedule an appointment for your free inspection as soon as possible. If your 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING is affected, your dealer will provide you with a more accurate inspection and repair completion date for your free of charge repair.

The inspections and replacement should take approximately 0.5 Hours. (30 minutes). Upon completion of inspection, your dealer will replace, if necessary, the non-DOT fitting and submit a case via TICO EDGE notifying TICO Uptime Center of completion.

TICO will cover the inspection as well as replacement and will also cover your dealers' travel expenses.

Your dealer will replace the 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING at no cost to you.

Important Note:

If during the campaign, we identify the 13 units requiring fitting replacement before all trucks have been inspected, you will receive notice that the campaign has ended.

WHY DOES MY VEHICLE NEED REPAIR?

Terminal Investment Corporation (TICO) is recalling certain 2024-2025 Pro Spotter trucks. The inspections and replacement should take approximately 0.5 Hours. (30 minutes). Upon completion of inspection, your dealer will replace, if necessary, the non-DOT fitting and submit a case via TICO EDGE notifying TICO Uptime Center of completion.

TICO will cover the inspection as well as replacement and will also cover your dealers' travel expenses.

Your dealer will replace the 90° ELBOW 1/2 TUBE PUSH-ON TO 3/8 PIPE BRASS SWIVEL FITTING at no cost to you.

Important Note:

If during the campaign, we identify the 13 units requiring fitting replacement before all trucks have been inspected, you will receive notice that the campaign has ended.
