

PENDING WINNEBAGO RECALL# 200

NHTSA# 25V499

DATE: 8/29/2025

MODELS AFFECTED:

2024 – 2025 Ekko

New Safety Recall / Stop Sale Notification

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

Reason for this Safety Recall

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain:

2024 – 2025 Ekko

These motor homes were manufactured **June 28, 2023**, through **February 27, 2025**.

Impacted units will be identified with labor operation code **24001111**. This labor op is for identification purposes only and will be replaced when the recall is activated.

Description

On certain Winnebago Motorhomes, the tire valve extensions for the inner wheels may get damaged by contact with the outer wheels. In the event this happens, the inner tire could gradually lose air pressure.

There is potential the outer tire could overload and cause it to fail increasing the risk of a crash.

Service Action

Winnebago will conduct a voluntary safety recall; however, the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
