Subject: **Update: BMW Starter Recalls**

BMW NA would like to provide several updates regarding the recent Starter Recalls. Several recall populations have now moved to green status within ROSS, and final letters have been mailed to customers. As these notifications reach customers, it is important that the dealer network continues to prioritize customer repairs and use available parts efficiently.

The table below provides the current status of each Starter Recall population, including VIN status, customer letter timing, and parts availability guidance:

Part Category	Recall #	Defect Code	Bulletin #	System Status	Customer Notification Status	Parts Guidance
F30 PHEV	26V-441	0012820600	B12 08 26	All Red X	Interim letters will be mailed by September.	We expect parts to begin arriving End of August.
G12 G30 PHEV	26V-441	0012840600	B12 09 26	All Red X	Interim letters will be mailed by September.	We expect parts to begin arriving End of September.
B58	25V-644	0012590600	B12 13 25	All VINs Green	All final letters have been mailed.	Parts are Available.
B4x	26V-438	0012770600	B12 10 26	All Red X	Interim letters will be mailed by September.	Status is yellow due to limited inventory.
	26V-056	0012650600	B12 01 26	All VINs are Green	All final letters have been mailed.	Limited weekly allocations. Review Parts Matrix for Weekly Order Limits.
	25V-636	0012550600	B12 12 25	All VINs are Green	All final letters have been mailed.	Prioritize Customers Review Parts Matrix for Weekly Order Limits.

Weekly allocation levels will vary as we plan for a three-week supplier shutdown for re-tooling and maintenance at the end of September. Please continue scheduling green-status vehicles based on your Center's current inventory, prioritizing customers affected by 25V-636 and 26V-056 as they just received final letters. Current B4x Starter inventory in the U.S. and in transit is intended for these recalls.

Please continue to monitor the weekly Parts Matrix DCS Messages for updates.

Thank you for your understanding as we work through these Recalls.

Sincerely,

Technical Service
