Subject: **Stop Sale Indicator not displaying for Recall 25V-636: Replace Starter – B4x**

We are currently experiencing an issue where ROSS related systems (AIR, Campaign Summary, WVI, etc.) are not displaying the Stop Sale Indicator for Recall 25V-636: Replace Starter – B4x (B12 12 25).

Though the Stop Sale Indicator is not visible, the open campaign is still visible in all systems.

Vehicles with an open Recall may not be delivered to a customer.

Until resolved, please ensure to refer to ROSS systems to confirm if a vehicle is affected by a Recall prior to delivery.

We are currently working on the issue and will send out an updated message once it has been resolved.

Sincerely,

Technical Service
