[REDACTED]

Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Genesis Supreme RV, Inc. has determined that a defect which relates to motor vehicle safety, may exist in two air conditioner units installed in a single model year 2024 Genesis Supreme 28IKS fifth wheel trailer, serial number [REDACTED] sold by your dealership.

Reason For This Recall

GE Appliances is recalling certain air conditioner models built with an ICM soft start device that may fail and overheat. An air conditioner soft start device that overheats increases the risk of a fire.

Recall Remedy

GE Appliances has provided to the trailer owner the required repair parts kits. These kits include GE Appliances Service Bulletin PL59-25 that details the complete repair procedure. Following the GE Service Bulletin, you will remove the recalled ICM soft start devices and install new soft start devices and associated enclosures, and test the operation of the RVAC units during and after installation. The repair will take approximately 2-3 hours to complete. The repair is free of charge to the retail owner.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you have any questions, please contact Genesis Supreme at (951) 337-0254 for assistance.

We certainly regret this inconvenience; however, our customers' safety is our most important priority.

Sincerely,

Genesis Supreme RV, Inc.
