Dearborn, Michigan 48121

December 15, 2025

TO: All U.S. Ford and Lincoln Dealers

**SUBJECT: NEW VEHICLE DEMONSTRATION / DELIVERY HOLD - Advance Notice
Safety Recall 25SD9**
Certain 2022-2025 Model Year Transit Battery Electric Vehicles (BEV)
Left-Hand Rear Halfshaft Inspection

AFFECTED VEHICLES

Vehicle	Model Year	Assembly Plant	Build Dates
Transit BEV	2022-2025	Kansas City	February 26, 2021 through September 11, 2025

US population of affected vehicles: 32,126.

Affected vehicles are identified in OASIS and FSA VIN Lists.

REASON FOR THIS SAFETY RECALL

In the affected vehicles, the Left-Hand (LH) rear halfshaft may not have been fully seated into the electric drive assembly at the manufacturing plant. This may result in premature wear of the halfshaft splines. In the event of excessive spline wear, customers may experience a seal leak and eventually may experience a loss of motive power or unintended vehicle movement while the vehicle is in Park if the parking brake is not applied. These conditions increase the risk of a crash.

SERVICE ACTION

DO NOT DEMONSTRATE OR DELIVER any new in-stock vehicles involved in this safety recall. For new vehicle storage guidelines, refer to EFC13033, Storage Guidelines for New Vehicles.

A complete Dealer Bulletin will be provided to dealers when it is anticipated that remedy availability including repair instructions will be available to support this recall.

IMPORTANT: Dealers should open a Repair Order (RO) only when a full dealer bulletin is published. Opening an RO against an Awareness or Advance Notice will result in warranty rejections against a recall.

OWNER NOTIFICATION

Owners of record will be notified via first-class mail within sixty days, which may occur before remedy availability including repair instructions have been provided to dealers.

PLEASE NOTE:

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$27,168 per vehicle. Correct all vehicles in your new vehicle inventory prior to delivery.

DEALER-OPERATED RENTAL VEHICLES

The Fixing America's Surface Transportation (FAST) Act law effective June 2016 prohibits a rental company from selling, renting or leasing vehicles subject to a safety recall. Please consult your legal counsel for legal advice.

QUESTIONS & ASSISTANCE

For questions and assistance, contact the Special Service Support Center (SSSC) via the SSSC Web Contact Site. The SSSC Web Contact Site can be accessed through the Professional Technician System (PTS) website using the SSSC link listed at the bottom of the OASIS VIN report screen or listed under the SSSC tab.
