Dear valued Lamborghini Sales and Service Manager,

In the course of continuous product monitoring and internal tests, Automobili Lamborghini S.p.A. has determined that a non-compliance defect that relates to motor vehicle safety exists in certain Urus model years 2019 to 2024.

In the affected vehicles, a combination of electrical noise, diminished shielding integrity, timing and insufficient software robustness may adversely affect the Top View System operation, which may prevent the rearview camera image from displaying. A rear-view camera image that does not display decreases the driver's visibility, increasing the risk of a crash.

For the reasons listed above, Automobili Lamborghini decided to launch a non-compliance recall campaign to update the cars involved.

This campaign is not yet available as the remedy is currently under development and will be advised in due course.

**Reminder: Vehicles Affected by Safety & Compliance Recalls**

**New Vehicles in Dealer Inventory:** It is a violation of regulatory standards for a dealer to deliver a new motor vehicle, or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. Dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable motor vehicle safety standard or that contains a defect relating to motor vehicle safety.

**Pre-Owned Vehicles in Dealer Inventory:** Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.

Ensure all relevant dealership personnel are aware of this notice so they are able to address customer questions. Owners of affected cars will be notified in writing.

For further information, please do not hesitate to contact your responsible Area Manager.

Yours sincerely,

**AUTOMOBILI LAMBORGHINI S.p.A.**
