**Subject:** Forward Collision Sensing Radar May Fail (25V-044)

Sarah,

This letter is to inform you that Autocar, LLC ("Autocar") will not be publishing any dealer, distributor, or owner notifications in connection with the safety recall no. 25V-044.

On January 30, 2025, Autocar submitted its initial Part 573 Safety Recall Report stating that it has identified two vehicles manufactured with malfunctioning front radar. Since the filing of the Part 573 report, Autocar has repaired by reprogramming both vehicles on January 28 through 30, 2025 prior to the publication of a dealer, distributor, or owner notification. Thus, Autocar will not publish any notifications to dealers, distributors, or owners in connection with the safety recall no. 25V-044.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Appie Theron".
