

IMPORTANT SAFETY RECALL

Braking Performance When Using “LFB” Feature

This is an important Safety Recall.

- **The recall remedy is available.** The recall procedure will be performed on your vehicle at **NO CHARGE** to you.
- Failure to complete this recall repair could increase the risk of a crash.
- Hyundai recommends all owners to refrain from using the Left-Foot Braking (“LFB”) feature on their vehicle(s) until the remedy has been completed.
- Please contact your nearest Hyundai IONIQ certified dealer to schedule the repair as soon as possible to avoid any inconvenience. To locate and schedule an appointment, please call or visit:

1-855-371-9460 or www.hyundaiusa.com/campaignhome

This notice applies to your 2025 Hyundai IONIQ 5 N vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect, which relates to motor vehicle safety, exists in certain 2025 model year Hyundai IONIQ 5 N vehicles. Hyundai is initiating Safety Recall 275 to address a condition involving the **Left Foot Braking (“LFB”) feature** in affected vehicles. Our records indicate that your vehicle, with the VIN listed above, is affected by this recall.

What is the problem?

The subject vehicles are equipped with an LFB feature designed for use on performance roadways, such as racetracks. LFB allows operators to control vehicle speed through simultaneous operation of both the accelerator and brake pedals. When the LFB is engaged, the Integrated Electronic Brake (“IEB”) control software may trigger depressurization of the Anti-Lock Brake System (“ABS”) pump, resulting in reduced braking performance. Reduced braking performance could increase the distance required to stop, increasing the risk of a crash.

What will Hyundai do?

Your Hyundai dealer will update the software for both the IEB and Vehicle Control Unit (“VCU”) system. This procedure will be performed at **NO CHARGE** to you.

What should you do?

Hyundai recommends all owners to refrain from using the LFB feature on their vehicle(s) until the remedy has been completed.

Please contact your nearest Hyundai IONIQ certified dealer to schedule the recall repair as soon as possible.

The actual time required to perform the repair on your vehicle will take less than 1 hour, however, your vehicle may be needed longer. To schedule an appointment with your preferred Hyundai IONIQ certified dealer, please call **1-855-371-9460** or visit:

1. www.hyundaiusa.com/campaignhome
2. Enter your 17-digit VIN from the top of this letter and click the “Search” button.
3. Click “Schedule Appointment,” enter your zip code in the Dealership Locator tool, click the “Find a Dealer” button and follow the onscreen prompts to schedule your service appointment.

Additional information

If you have any questions or require further assistance, you may contact the Hyundai Customer Care Center at **1-855-371-9460**.

If you believe that the dealer or Hyundai has failed or is unable to remedy the defect without charge, or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll-free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to www.NHTSA.gov.

We urge your prompt attention to this important safety matter. We apologize for any inconvenience this may have caused you.

Hyundai Motor America

Over-The-Air (OTA) Software Updates

2025 model year IONIQ 5 N vehicles feature OTA software update technology. OTA technology uses wireless communication to deliver the latest software to your vehicle’s systems. OTA updates enable your vehicle to have the latest software over time, providing essential safety, performance, and feature enhancements efficiently and securely. Note: OTA updates are available on Bluelink-enabled vehicles opted in to receive the updates.

Hyundai is currently developing the OTA software update for this recall and expects it to be available in the early second quarter of 2025.

This software update can be performed now at your preferred Hyundai dealer at **NO CHARGE** to you.

Huntington Beach, CA 92647

NHTSA Recall Number: 25V-065
Hyundai Recall Number: 275

IMPORTANT SAFETY RECALL

If you are a vehicle lessor, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Have you previously paid for this repair?

If you have previously paid for a repair that addresses the problem described in this letter, you may be eligible for a reimbursement. To submit for reimbursement:

1. Visit www.hyundaiusa.com/campaignhome
2. Click this icon in the top right of the webpage: 
3. Click "Contact Us"
4. Click the "Campaign Reimbursement" tile and follow the onscreen directions to submit.

You can also call to obtain additional information at **1-855-371-9460**.

No longer own this vehicle?

You received this notification because U.S. federal regulations require automotive manufacturers to notify last known owners of recalled vehicles based on current owner records. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.
