NHTSA Recall No: 25V-170

Dear Tesla Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Tesla, Inc. has decided that a defect, which relates to motor vehicle safety exists in certain model year ("MY") 2024 and 2025 Cybertruck vehicles. Our records show that you are the owner of a vehicle affected by this action.

**REASON FOR THIS RECALL**

On affected vehicles, the stainless-steel panel of the cant rail assembly along the exterior of the vehicle may delaminate at the adhesive joint, which may cause the panel to separate from the vehicle. If the cantrail panel separates from the vehicle while in drive, it could create a road hazard for following motorists and increase the risk of injury or a collision.

**WHAT TESLA WILL DO**

At no charge to you, Tesla Service will replace the cantrail assembly with one that meets durability testing requirements.
