

**IMPORTANT SAFETY RECALL RVXX2503  
NHTSA RECALL # 25V-214**

This Notice applies to your vehicle, see enclosed “Notice of Vehicle Recall”

**DEAR VOLVO TRUCK OWNER:**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Volvo Trucks North America has decided that certain 2023 thru 2026 New VN model vehicles manufactured from January 10, 2022, through March 26, 2025, fail to conform to Federal Motor Vehicle Safety Standard No. 101, “Controls and Displays”.

**SAFETY DEFECT:** The hazard switch back lighting may become inoperative during operation (of the vehicle) and may not meet the requirements of FMVSS 101 S5.3.1 (a). This impacts the backlighting of the switch and not the function of the switch.

**SAFETY RISK:** If the hazard switch back lighting becomes in-operative while in use, the driver may not be able to locate the switch in a low light condition in the cab of the truck. This could increase the risk of a crash causing injury and/or damage to property.

**PRECAUTIONS YOU CAN TAKE:** There are no precautions you can take other than having your vehicle repaired by a Volvo Parts and Service Center. The updated software will be installed to the VMCU (Vehicle Master Control Unit), which makes the vehicle fully compliant with FMVSS101. Recall repairs will be performed at no cost to you.

**TIME REQUIRED FOR THE REPAIR:** The time required to repair your vehicle is approximately .5 hour.

**WHAT YOU SHOULD DO:** You should contact the nearest Volvo Parts and Service Center and make an appointment.

You can locate the closest Volvo Parts and Service Center by going online to <http://www.volvo.com/trucks/na/en-us/dealers/> and selecting “Dealer Locator” or by calling our toll-free number: (800) 528-6586.
