This Notice Applies To Your Vehicle, Vehicle Identification Number:

Dear Maserati Customer:

This notification is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Maserati S.p.A and Maserati North America, Inc. (MNA) has decided that certain 2024 model year (“MY”) Granturismo vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110, (Tire Selection and Rims).

### WHY DOES MY VEHICLE NEED REPAIRS?

In these vehicles, the compliance label and tire and loading label located on the B-Pillar may not be attached properly and could fall off. As a result, information about the vehicle, such as cargo carrying capacity and tire pressure would be missing for owners. This could lead to overloading the vehicle which could cause poor handling or a tire failure, resulting in loss of control of the vehicle and an increased risk of a crash. The above-described condition does not comply with FMVSS 110 – Tire Selection and Rims.

### WHAT WILL YOUR DEALER DO?

MNA will replace the labels, <sup>[1]</sup> free of charge. Since your vehicle is among those that may be affected by the above condition, we ask you to contact any Authorized Maserati Dealer to arrange for this recall action to be performed on your vehicle. The repair will take approximately 0.5 hours to complete. In addition, your dealer will require your vehicle for proper check-in, preparation, and check out during your visit, which may require additional time.

We apologize for any inconvenience this may cause you.

Sincerely,  
Maserati Technical Safety and Regulatory Compliance
