## IMPORTANT SAFETY RECALL

NHTSA Recall Number: 25V351

This notice applies to your vehicle: **Insert VIN**

June 24, 2025

Dear Kia K5 Vehicle Owner:

**Kia has identified a defect in your vehicle which relates to a noncompliance with Federal Motor Vehicle Safety Standard (FMVSS).**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that certain 2025 MY K5 vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108, "Lamps, Reflective Devices, and Associated Equipment." The defect can result in reduced visibility of the vehicle while driving, increasing the risk of a crash. Our records indicate that you own or lease one of the affected vehicles.

### What Is The Problem?

Due to incorrect software in the Power-net Domain Controller (PDC), the parking light does not remain continuously illuminated. As a result, your vehicle does not comply with the illumination requirements of Federal Motor Vehicle Safety Standard (FMVSS) 108, "Lamps, Reflective Devices, and Associated Equipment". A parking light that does not remain continuously illuminated can result in reduced visibility of the vehicle, increasing the risk of a crash.

### Kia Will Update The Power-net Domain Controller (PDC) Unit Software Free Of Charge At No Cost To You.

2025 MY K5 vehicles contain Over-The-Air (OTA) software update technology that allows you to wirelessly update software system(s) in your vehicle. To utilize this feature, you must have an active Kia Connect account and be enrolled in one of the available Kia Connect plans. If you are enrolled and the OTA update becomes available, you will see a message on your infotainment screen prompting you to install the update when you turn off the vehicle. Tap the "Update Now" button to begin installing the update. This update is **free of charge at no cost to you**. Additional information regarding OTA updates, including software installation pre-conditions, can be found in your Owner's Manual beginning on page 4-135.

If your Kia Connect account is not active, or OTA is not your preferred installation method, Kia dealers will update the PDC unit software for you. This recall will be performed **free of charge at no cost to you**. The time required to perform this recall will be approximately one (1) hour. However, your vehicle may be needed longer depending on the dealer's schedule. We recommend scheduling a service appointment to minimize your inconvenience.

### What Should You Do?

- In the interest of the safety of your passengers, as well as your own safety, contact your authorized Kia dealer to arrange for the recall to be performed on your vehicle at your earliest convenience.
