Dear GEM Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. GEM Waev, LLC has decided that a defect which relates to motor vehicle safety exists in certain model year 2022-2025 GEM vehicles. Our records indicate that you have purchased a potentially affected vehicle.

The reason for this recall:

GEM Waev, LLC has determined that on some vehicles the ball joint retainer fastener torque, the ball joint nut torque, or the ball joint washer placement, may be incorrect. Incorrectly torqued fasteners, or incorrect washer placement, could lead to front suspension failure. Front suspension failure can cause a loss of steering control, increasing the risk of crash.

What GEM and your dealer will do:

Repairs will be made at an authorized GEM dealer at no cost to you. The actual repair should take under 120 minutes to perform; however, it may take longer due to service scheduling requirements.

What you should do:

Contact your authorized GEM dealer to schedule an appointment to have the bulletin repairs performed. Do not attempt repairs yourself. Repairs must be completed only by an authorized GEM dealer.
