NHTSA Recall No. 25V-387  
Rivian Recall No. FSAM-1693

# IMPORTANT SAFETY RECALL

This notice applies to your vehicle, VIN XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Rivian Automotive, LLC has decided that certain model year 2025 Rivian R1S and R1T vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) 108 - "Lamps, reflective devices, and assoc. equipment." Our records show that you are the owner of a vehicle affected by this action.

## What is the problem?

The front turn signal lamps may not illuminate and flash due to incorrectly manufactured parts from the supplier, and, therefore, may not fulfill the requirements of FMVSS 108. Diminished front turn signal lamp performance may cause reduced awareness of the vehicle's intent to turn for road users in front of the vehicle, potentially increasing the risk of a crash.

## What will Rivian do?

Rivian will inspect and replace the front turn signal lamps on affected vehicles. The recall service will be available at no cost to you.

## What should you do?

Please call 1-855-748-4265 to schedule the recall service repair with your Rivian Service Center immediately. The estimated recall service time should take about an hour to complete, please plan accordingly.

If you have further questions, please call Rivian Service Support at 1-855-748-4265. For additional information please visit our Support Center. <https://rivian.com/support/article/recall-information>
