QR Code

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall 34C.

IMPORTANT SAFETY RECALL

Rearview Camera Bluescreen or Inoperative

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2023 (RU) Chrysler Pacifica/Voyager] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 111 – Rear Visibility.

RECALL DESCRIPTION

The rearview camera on your vehicle ^[1] may contain a solder void between the circuit board and an image signal processing chip which may prevent the rearview image from displaying during a backing event. The vehicle operator may notice that the rearview image is not displayed if attempting to reference the image while backing. **A rearview camera image that does not display reduces the driver's visibility of what is behind the vehicle and if not heeded, increases the risk of a crash.**

The condition above fails to comply with the requirements of FMVSS No. 571.111 S6.2.6 which requires that "The rear visibility system default to the rearview image being visible and meet the requirements of FMVSS No. 571.111 S6.2.1 (field of view) and S6.2.2 (image size) at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected..." and apply to other markets via direct reference to FMVSS or are implied via free trade agreements. Suspect vehicles may not display the rearview image during a backing event under certain conditions.

YOUR VEHICLE HAS ALREADY BEEN REMEDIED

According to our service records, the rearview camera has already been replaced on your vehicle. Therefore, your vehicle has been remedied.

This notification is provided for your records only. There is nothing more that you need to do.

WHAT IF I HAVE QUESTIONS REGARDING THIS RECALL?

If you believe the rearview camera in your vehicle ^[2] has not been replaced or have questions or concerns which your dealer is unable to resolve, please contact the FCA Group Recall Assistance Center at either fcarecalls.com or 1 800-853-1403.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

Customer Assistance/Field Operations
