# IMPORTANT SAFETY RECALL

## HVAC Blower Motor Inoperable

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2023 Model Year (WL) Jeep® Grand Cherokee and Grand Cherokee L] vehicles fail to comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 103 - Windshield defrosting and defogging systems.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The Heating, Ventilation and Air Conditioning (HVAC) blower motor on your vehicle <sup>[1]</sup> may have been built with a damaged connector, resulting in an electrical connection susceptible to failure which can cause the windshield defrosting and defogging system to be inoperative. An inoperative windshield defrosting and defogging system may decrease the driver's visibility, increasing the risk of a crash.

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.103 S4.1 which requires that subject vehicles "... shall have a windshield defrosting and defogging system." Suspect vehicles with a non-functioning HVAC blower motor may not meet the defined testing requirements.

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US LLC will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will inspect the blower motor functionality and replace the blower motor assembly, if necessary. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
