## IMPORTANT SAFETY RECALL

This notice applies to your vehicle: [REDACTED]

August 2025

Dear [REDACTED]

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Honda has decided that certain 2024 Honda NC750X motorcycles fail to conform to Federal Motor Safety Vehicle Safety Standard No. 119, "New pneumatic tires for motor vehicles with a GVWR of more than 4,536 kilograms (10,000 pounds), specialty tires, and tires for motorcycles."

**Why my vehicle is under recall:** Due to improper production of the front tire, its durability may be compromised, leading to a failure to meet endurance performance requirements. Continued use may result in abnormal handling, increasing the risk of a crash or injury.

**What Honda will do:** Your Honda Powersports dealer will replace the front tire with a new part, for **FREE**. Honda estimates that the repair will take approximately 1 hour to complete. However, your dealer can provide you with a better estimate of the overall time for this service visit, as it may be necessary to make your vehicle available for a longer period of time.

**What we need you to do:**

Please call any authorized Honda Powersports dealer and schedule an appointment to have your vehicle repaired, for **FREE**.

If you are not the only rider of this vehicle, please advise all other riders and passengers of this important information.
