**DATE: July 31, 2025**

Dear Polestar Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

### **The reason for Recall RP1063:**

Polestar Performance AB has decided that a defect, which relates to motor vehicle safety, exists in certain model year 2025 Polestar 3 vehicles.

Polestar investigations have determined that water may damage the electrical connectors between the engine bay and front bumper harnesses.

As a result, damage to the harnesses can cause various electrical malfunctions, such as a loss of power steering assist, increasing the risk of a crash or injury.

### **What should you do now?**

Polestar will replace the bumper harness and the inline front bumper/engine bay connector on the engine bay harness, **free of charge**.
