Dear Tesla Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Tesla, Inc. has decided that a defect, which relates to motor vehicle safety, may exist in certain model year 2026 Model Y vehicles. Our records indicate that you are the owner of a vehicle affected by this action.

REASON FOR THIS RECALL

On affected vehicles, a supplier assembly operator may have failed to secure the ring terminal of the horn ground wire resulting in a loss of continuity for the horn circuit. WHAT TESLA WILL DO

At no charge to the customer, Tesla will inspect the horn ground wire on all affected vehicles. If the horn ground wire is found to be improperly secured, Tesla will properly secure the wire to specification.
