

IMPORTANT SAFETY RECALL

December 2025

This notice applies to your vehicle, **VIN:** _____.

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2023-2026 model year Chevrolet Corvette vehicles equipped with a left-side radiator/fan combination. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

Previously, you were notified that your 2023-2026 model year Chevrolet Corvette was involved in GM recall N252514930. This letter is to inform you that parts are now available to repair your vehicle.

IMPORTANT

- Your vehicle is involved in GM recall N252514930.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

To reduce the risk of fire, owners should:

- Follow the fueling instructions in their owner's manual.
- Confirm that the fuel nozzle is completely inserted into the vehicle's fuel pipe before fueling.
- Never overfill the tank or attempt to fill after the fuel pump's automatic shut off clicks once.
- Turn off the vehicle's engine during refueling.
- Avoid filling at a fuel pump if the pump or pump nozzle appears to be damaged or malfunctioning. Signs that a pump may be malfunctioning include: visible damage, the presence of leaked fuel, or absorbent material on the ground near the pump from prior spills.
- Avoid fueling the vehicle using a portable gas can. This can increase the risk of a fuel spill.

Why is your vehicle being recalled?

In these vehicles, excess fuel spilled into the vehicle fuel-filler pocket during refueling may leak onto an ignition source, such as hot engine or exhaust components. If fuel contacts an ignition source, there is increased risk of a fire.

What will we do?

Your GM dealer will install an insert / shield to divert spilled fuel, free of charge. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 30 minutes.

What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

Did you already pay for this repair?

Even though you may have previously had repairs for this condition, you will still need to take your vehicle to your dealer for additional repairs. If you have already paid for repairs for the recall condition, **and those repairs were completed prior to this mailing**, please complete the enclosed reimbursement form and present it to your dealer with all required documents. Working with your dealer will expedite your request, however, if this is not convenient, you may mail the completed reimbursement form and all required documents to Reimbursement Department, PO Box 33170, Detroit, MI 48232-5170.

Do you have questions?

You may schedule your vehicle for repair using the QR code below. For more information about your vehicle, or if you have questions or concerns that your dealer is unable to resolve, please visit gm.com/service. You can also use your preferred voice assistant (for example, "Please go to GM.com"), or call the Buick, Chevrolet or GMC Customer Assistance Center at 1-866-467-9700. For Cadillac, please call 1-800-333-4223.

For the hearing or speech impaired, please contact our Customer Assistance Center using the Telecommunication Relay Service by dialing 711 then providing the appropriate Customer Assistance Center number for your vehicle.

If your dealer fails or is unable to remedy this defect without charge, or within a reasonable amount of time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.nhtsa.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is 25V536.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
