

relocate the existing 35 amp circuit. In addition, compare the battery control center area fuse locations to the diagram key and correct the fuse location layout along with replacing the fuse location diagram key with a new one.

The repair should take approximately 1 hour to complete; however, because of service scheduling times, your dealer may need the vehicle for a longer period of time. **This service will be performed for you free of charge.**

When you deliver your motorhome for repairs, your dealer will complete a **Repair Order**. Upon completion of the repair, please sign the **Repair Order** and fill out the enclosed self-addressed **Vehicle/Owner Information Update Card** with the servicing dealer information and return it to REV Recreation Group-

If you have changed your address or sold the motorhome, please take a moment to provide the name and address of the person or dealership you sold it to on the enclosed **Vehicle/Owner Information Update Card** and return it to REV Recreation Group. This will allow us to update our records and if necessary, notify the new owner using the information you provide.
