

IMPORTANT SAFETY RECALL

Reston, October 17, 2025

NHTSA Recall No. 25V633

This notice applies to your vehicle, VIN

Dear Lamborghini Owner or Lessee,

Automobili
Lamborghini America LLC

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Automobili Lamborghini S.p.A. has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2025 Urus SE vehicles. Our records indicate that you are the owner of a vehicle in this recall.

What is the issue?

In the vehicles affected, the high-pressure fuel pump may not be properly fastened to the cylinder head during assembly. If the sealing connection is not secure, fuel can escape under high pressure. This may result in a sudden and substantial fuel leak, which increases the risk of a vehicle fire.

For the reason set forth above, it is therefore necessary to update these vehicles. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.

What Do You Need to Do?

We encourage you to contact your authorized Lamborghini dealer to schedule an appointment to have this important free update performed as soon as possible. Please bring this letter and your Service Booklet with you when you visit the dealer, so that we can make all necessary entries.

You can locate your nearest authorized Lamborghini Dealer at <https://www.lamborghini.com/en-en/ownership/dealer-locator>.

What will Lamborghini do?

Affected vehicles will have the screw connections of the high-pressure fuel pumps checked and, if necessary, the high-pressure fuel pumps and fuel lines must be replaced, free of charge. The operation will take approximately 30 minutes for the inspection. In case it will be necessary to replace the involved parts the operation can take up to 10 hours. Please understand if the measure may take a longer period of time for organizational reasons in the operational process. We apologize for any inconvenience this recall may cause.
