Dear «Owner\_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Thor Motor Coach (TMC) has decided that a defect which relates to motor vehicle safety exists in certain model year 2024-2025 Indigo & Luminate motorhomes. As a result, TMC is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for  
this recall***

It has been discovered that on certain model year 2024-2025 Indigo and Luminate motorhomes, the support tube that secures the propane tank may not have been welded properly and could fail. As a result, the propane tank could become loose and detach. A propane tank that detaches could create the risk of a fire or explosion. Additionally, a propane tank that detaches from the motorhome could create a road hazard for others and increase the risk of a crash.

***What we  
will do***

TMC has contacted your selling dealer and has instructed them on how to inspect and repair your LP tank bracket. This will be done at no cost to you the owner. The remedy should take approximately 2 hours to perform.

***What we need  
you to do***
