SAFETY RECALL D054: Gear Shift Module Moisture Ingress

**Vehicles Affected: 2025MY Land Rover Range Rover, Range Rover Sport, Discovery Sport,
2026MY Land Rover Range Rover Evoque**

National Highway Traffic Safety Administration (NHTSA) Recall Number: 25V-705

Dear Land Rover Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Jaguar Land Rover, NA LLC has decided that certain 2025-2026MY Land Rover vehicles mentioned above fail to conform to Federal Motor Vehicle Safety Standard No. FMVSS1: 101 – “Control and Displays”.

Your vehicle is included in this Recall action.

What is the reason for this program?

Moisture may have entered the Gear Shift Module (GSM) during assembly which can cause the gear shift position indicator light to fail. As such these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 101 – “Control and Displays”.

A gear shift position indicator that fails to illuminate can make it difficult to identify the correct transmission gear position, increasing the risk of a crash.

What are the warning signs of this condition?

If the illumination of the LED gear indicator adjacent to the shifter fails, the GSM will not allow a change of transmission selection (other than PARK (P)) until the fault is resolved.

If a failure occurs while the vehicle is being driven, the vehicle may continue to be driven in the current transmission selection. It will then only be possible to change the transmission selection to PARK (P), or, when the vehicle engine is turned off / the customer exits the vehicle, PARK (P) will be automatically selected. It will then not be possible to drive the vehicle as the GSM will be locked in PARK (P).

Are there any precautions that may be taken to minimize the safety risk until the corrective measures are implemented?

Until such time as the recall has been completed, customers are advised to be extra vigilant when operating the vehicle.

What will Land Rover and your authorized Land Rover Retailer do?

Land Rover is carrying out a recall of these vehicles to have the Gear Shift Module replaced. There will be no charge to the owners for this repair.

What should you do?

Please contact your preferred authorized Land Rover retailer without delay and provide them with your Vehicle Identification Number (VIN) and request a service date to complete the work required under Program Code **D054**.

Attention Leasing Agencies: Federal Regulations require you to forward this notice to your lessee within TEN (10) days.

How long will it take?

The work will be carried out as quickly and efficiently as possible in order to minimize any inconvenience to customers and is expected to take between ½ hour and 2 ½ hours dependent upon vehicle model although your retailer may need your vehicle for a longer time. Your retailer can provide you with a better estimate of the overall time for the service visit.

Moved or no longer own this Land Rover vehicle?

If you are no longer the owner of this vehicle, Land Rover would appreciate the name and address of the new owner (if known); please fill out and return the enclosed return postage-paid card.

What should you do if you have further questions?

If you have any questions or concerns regarding this Program, please contact the Service Manager at your authorized Land Rover retailer for assistance. If you have any queries or concerns that your local Retailer cannot address, please contact the Land Rover Customer Relationship Centre at 1-800-637-6837, **option 9**, and one of our representatives will be happy to assist you.

You may also contact us by email using the following address: lrweb2@jaguarlandrover.com. Please include your full name, address, and VIN of your vehicle in your email.

If you have the need to contact Land Rover by mail, please use the following address:

Jaguar Land Rover North America, LLC
ATTN: Customer Relationship Center
100 Jaguar Land Rover Way
Mahwah, NJ 07495

If your retailer fails or is unable to remedy this defect without charge and within a reasonable amount of time, you may submit a complaint to the:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, D.C. 20590

Or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 800-275-9171); or go to <http://www.safercar.gov>.

Land Rover appreciates your confidence in our product and wishes to do everything we can to retain that confidence. Land Rover, in cooperation with your authorized Land Rover retailer, will strive to minimize any inconvenience caused by this program.

Sincerely,

Wayne Clarke
Director, Technical Services
Jaguar Land Rover North America, LLC.
