IMPORTANT SAFETY RECALL

NHTSA Recall Number: 25V745

This notice applies to your vehicle: **Insert VIN**

December 3, 2025

Dear Kia Sorento Vehicle Owner:

Kia has identified a defect in your vehicle which relates to a noncompliance with Federal Motor Vehicle Safety Standards (FMVSS).

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that certain 2026 MY Kia Sorento vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire Selection and Rims." The vehicles are equipped with an incorrect-size spare tire which, if installed, can adversely affect the anti-lock braking system (ABS) and the traction control system (TCS), increasing the risk of a crash. Our records indicate that you own or lease one of the affected vehicles.

What Is The Problem?

Your vehicle was equipped with a spare tire of the incorrect size which does not match the size on the placard. As a result, your vehicle fails to comply with the requirements of FMVSS No. 110, "Tire Selection and Rims." If installed, an incorrect-size spare tire can adversely affect the anti-lock braking system (ABS) and/or traction control system (TCS), thereby increasing the risk of a crash.

Kia Will Replace The Incorrect Spare Wheel And Tire Assembly With One Of A Correct Size Free Of Charge At No Cost To You.

Kia dealers will replace the incorrect spare wheel and tire assembly with one of a correct size. This recall will be **performed free of charge at no cost to you**. The time required to perform this recall will be approximately one (1) to two (2) hours. However, your vehicle may be needed longer depending on the dealer's schedule. We recommend scheduling a service appointment to minimize your inconvenience.
