## IMPORTANT SAFETY RECALL

NHTSA Recall Number: 25V794

This notice applies to your vehicle: **Insert VIN**

January 16, 2026

Dear Kia K5 Vehicle Owner:

**Kia has identified a defect in your vehicle which relates to motor vehicle safety.**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that a defect which relates to motor vehicle safety exists in 2021-2024 MY K5 vehicles equipped with 1.6L Turbocharged Gasoline Direct Injection (T-GDI) engines. The defect can result in a fire, increasing the risk of injury. Our records indicate that you own or lease one of the affected vehicles.

**You may have received a separate voluntary emissions service campaign notice (Kia's Reference # SC288) mailed by Kia on April 30, 2024 or June 20, 2025 to improve the logic in the Electronic Control Module (ECM) and inspect the fuel tank and/or the purge control system check valve of your vehicle for possible replacement with a new one. This new recall supersedes the previously launched SC288 campaign and has a new remedy procedure. Contact your authorized Kia dealer immediately to arrange for this new recall to be performed on your vehicle, regardless of the completion status of the previous SC288 campaign.**

### What Is The Problem?

The purge control system check valve, which controls the direction of airflow from the charcoal canister to the engine, may deteriorate, allowing pressurized air to flow from the intake manifold into the fuel tank. The fuel tank may expand and contact the hot exhaust pipe components, which can melt the fuel tank and result in a fuel leak. This condition may lead to a fire, increasing the risk of injury.

**Kia Will Replace The Check Valve With An Improved One. Also, Dealers Will Inspect The Fuel Tank And, If Necessary, Replace With A New One. Additionally, Dealers Will Ensure Your Vehicle Is Equipped With The Latest ECM Software Free Of Charge At No Cost To You.**

Kia dealers will replace the check valve with an improved one. Dealers will also inspect the fuel tank for damage and, if necessary, replace it with a new one. Additionally, dealers will ensure your vehicle is equipped with the latest Electronic Control Module (ECM) software. This recall will be performed **free of charge at no cost to you**. The time required to perform this recall will be approximately one (1) to three (3) hours. However, your vehicle may be needed longer depending on the result of the inspection. We recommend scheduling a service appointment to minimize your inconvenience.

### What Should You Do?

- **WARNING:** You may experience a popping sound from the fuel tank area, illumination of the Check Engine Light (CEL) , and/or vehicle running rough. If this occurs, pull over to a safe location and contact Kia Roadside Assistance at 1-800-333-4542 or online at [kia.rsahelp.com](http://kia.rsahelp.com) to request to have your vehicle towed to the nearest authorized Kia dealership as soon as possible.
- Your vehicle may have already had similar repairs completed under the previously launched SC288 campaign; however, this safety recall has an updated remedy procedure repair. **Kia advises you still need to complete this recall as soon as possible to have the latest check valve installed and make sure the fuel tank in your vehicle is free**

**from any damage.** In the interest of the safety of your passengers, as well as your own safety, contact your authorized Kia dealer to arrange for the recall to be performed on your vehicle.

- To find your nearest dealer, visit [www.kia.com](http://www.kia.com) and click the “Find Dealer” button in the upper right corner (“Dealers” on a mobile device). You can also use the QR code below with your mobile device to access this information (*see the bottom of this letter for more information about QR code use*):

**What If You Have Already Paid To Have This Situation Corrected?**

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. You may submit your receipts online to Kia via <http://customercare.kiausa.com> or mail your receipts with a copy of the attached Request for Reimbursement form directly to Kia for review and consideration:

**Kia Customer Care  
Kia America, Inc.  
P.O. Box 52410  
Irvine, CA 92619-2410  
1-800-333-4542**

Pursuant to the General Reimbursement Plan issued by Kia pursuant to Federal Regulation 49 CFR 573.13, Kia will use its best efforts to respond to your claim within sixty (60) days of receipt and at that time Kia may either accept or reject that claim or it may request more information to evaluate the claim.

**Have You Changed Your Address Or Sold Your Kia?**

If you have changed your home address, sold your Kia vehicle, or no longer own your vehicle, please complete the attached prepaid “Change of Address/Ownership” card and mail it to us. You can also contact the Kia Customer Care Center phone number listed below.

**What If You Are A Vehicle Lessor?**

**Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.**

**What If You Have Other Questions?**

If your dealer does not respond to your service request in a timely manner, we suggest that you call Kia’s Customer Care Center at 1-800-333-4542. This number has TTY capability. If your dealer fails or is unable to remedy this defect without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-888-275-9171); or go to <http://www.safercar.gov>.

This action has been taken in the interest of your safety, and we regret any inconvenience this situation may cause you.

Sincerely,  
Customer Care Department

**QR Code Use:**

- A QR Code is a square, 2-dimensional barcode that can be read by mobile devices loaded with an appropriate barcode or QR Code Reader App. The app reads the barcode image and then launches/uploads the specific information the code contains, such as URLs, text, photos, videos.
- With a mobile device, **download a QR Code Reader App.** With many devices, you can do this through an app store or marketplace.
- **Open the QR Code Reader App on your mobile device. The app will utilize your device’s camera.** Center the code in the camera viewing area. With some apps, the URL or other information will automatically load when the code is recognized. For others, you may have to snap or take a picture of the QR code. Refer to the QR Reader Code App instructions.

**REQUEST FOR REIMBURSEMENT FORM**  
**2021-2024 MY K5 VEHICLES - PURGE CONTROL SYSTEM CHECK VALVE**  
**SAFETY RECALL CAMPAIGN (SC356)**

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. You may submit your receipts online to Kia via the Campaign Customer Reimbursement section found at this link: <http://customercare.kiausa.com>.

If you do not have access to a computer or prefer to submit your request by mail, please complete this Request for Reimbursement and mail it to the following address for review and consideration, along with backup documentation:
