EDV Seat Belt Misuse

NHTSA Recall No. 25V-816
Rivian Recall No. FSAM-1770

IMPORTANT SAFETY RECALL

This notice applies to vehicles in your fleet within the affected VIN range of

Dear Director, Global Fleet - [REDACTED],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Rivian Automotive, LLC has decided that a defect which relates to motor vehicle safety exists in certain model year 2022–2025 Rivian EDV vehicles. Our records show that you are the owner of the vehicles affected by this action.

What is the problem?

Rivian has determined that on certain EDV vehicles the driver side seat belt pretensioner may be damaged from repeatedly sitting on the seat belt while it is buckled underneath the driver.

A damaged seat belt pretensioner cable may not adequately restrain the seat occupant during a crash, increasing the risk of injury.

What will Rivian do?

Rivian has released an over-the-air update that enables automatic detection of any seatbelt misuse. In addition, Rivian will inspect and, as necessary, replace the driver's seat belt pretensioner assembly in the affected vehicles free of charge.

What should you do?

Please call 1-855-748-2221 to schedule the recall service repair with your Rivian Service Center at your earliest convenience. The estimated recall service time should take less than an hour to complete, please plan accordingly.

If you have further questions, please call Rivian Service Support at 1-855-748-4265. For additional information please visit our Support Center.
