## IMPORTANT SAFETY RECALL INFORMATION

Issued in Accordance  
with Federal Law

**NHTSA RECALL 25V-818**

December 17, 2025

### IMPORTANT SAFETY RECALL

**THIS NOTICE APPLIES TO YOUR VEHICLE, VIN: YV4H999999999999**

Dear Volvo Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Volvo Car USA LLC, on behalf of Volvo Car Group, has decided that a defect, which relates to motor vehicle safety, exists in certain model year 2018, 2025, and 2026 XC60 vehicles.

**The reason for Recall R10345:**

Volvo Car investigations have identified that either the front driver or passenger seat bolts may not have been torqued to the correct specification. As a result, this reduces the seat's ability to provide maximum protection in the event of a crash, increasing the risk of injury.

**Recall action R10345:**

The corrective action is to re-torque either the front driver or passenger seat bolts, **free of charge**.

Please contact your authorized Volvo retailer for an appointment. This procedure will be completed at no cost and can take up to one hour to complete, however due to service scheduling your Volvo retailer may require your vehicle for a longer period.

If you had previously paid for this repair to be performed, prior to receiving this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information, please refer to Volvo Customer Care Center contact information in this letter.

If you no longer own the vehicle described in this letter, please help us to update our records by sending us the updated owner information. Please refer to our contact information in this letter.
